

*Building Positive Futures*

January 21, 2010

Mr. Mike Gellman  
Board Representative  
Sempra Employee Giving Network  
101 Ash Street, HQ10E  
San Diego, CA 92101

Dear Mr. Gellman,

On behalf of New Haven Youth & Family Services, I wish to express our sincere gratitude to the Sempra Employee Giving Network, your Advisory Council and Leticia Perez (who personally delivered the check) for the recent donation of \$2500 in support of our work with at-risk youth. This gift demonstrates the Network's compassion for our youth and will help New Haven continue to have a positive impact on our society by improving the lives of children and their families.

The support and kindness of donors like the Sempra Employee Giving Network is vital in helping New Haven fulfill its mission of "building positive futures for youth, their families, and our communities." This generous contribution sends a strong and important message to our youth that people in the community truly care about them.

New Haven depends on the support of generous benefactors to help defray the cost of providing for the best possible care for our students. The support of the Sempra Employee Giving Network is a concrete example to them of the true meaning of generosity, which will remain with them their entire lives.

Again, thank you for helping us continue our work of reclaiming youth, and restoring hope.

Sincerely,

A handwritten signature in cursive script that reads "Bill Kincaid".

Bill Kincaid  
Director of Development
